

# Who We Are

Family & Community Support Services provides parent education, support, and crisis intervention to minimize stressors, prevent child abuse, and promote family success. The Family & Community Support Services Division aims to help families with children access the resources, education, and support needed to raise happy, healthy children and increase their family's self-sufficiency.

# Family and Community Support Services

## SAFE Community Support Specialists

SAFE Family Resource Centers are a community-based, school-linked, family-centered way of delivering and coordinating appropriate prevention and intervention services to youth and families in San Luis Obispo County. The SAFE services team provides supports to all families including birth, adoptive, and resource families, kin-care providers, transitional aged youth, special needs youth and adults, and the zero to five population. The S.A.F.E. goal is to focus on family strengths and build upon those strengths by connecting the family with community resources to keep children and youth Safe, Healthy, At Home, In School, and Out of Trouble.

Are you a parent of a child ages 0-5 in need of in-home parenting support? Now accepting new participants. Please call for a screening.

805.544.4355 x1125

### Positive Opportunities for Parenting Success (POPS2)

This evidence-based program empowers dads with the skills and confidence they need to be effective, positive fathers and co-parents. POPS2 groups are looking to help all types of fathers. Such as Single dads, co-parenting, and expectant fathers looking for support and wanting to improve their relationship with their child, children and co-parent. We provide groups countywide in English and Spanish.

### Family Preservation

CAPSLO is a community response partner with the Department of Social Services (DSS)/Child Welfare Services, Foster Support Services, and Probation Department. County-wide prevention services include in-home parent education and direct services.

Services are focused on families susceptible to child abuse and neglect with the goal of keeping children safe, healthy, and at home.

Referrals are provided by CWS social workers DSS-ERS, and juvenile probation officers. Parent education services are provided in your home, at a family resource center, school, or library. We provide Parent Cafes and parent support groups county-wide in English and Spanish.
